# SHADOW ROOM PROJECT

Shadow Room Project was founded on June 24 th 2018. The first official project, Project N° 1 raised upon Suvilahti area during Tuska Festival on June 29 th - July 1 st 2018.

The Shadow Room Project is an open forum for people that enjoy the path of shadows more than the path of light.

We facilitate, support and create art & research that aims to increase freedom of mind as well as equality in its various forms. By the year 2020 we wish to become a critical network for those people who are searching for alternative ideas of beauty.

The first Shadow Room, Room N° 1 was opened in August 24 th 2018. The Room is located at Hakkila, Vantaa: in a small industry area owned by Kotteria Ltd. The Room host different artists & workshops: musicians, visual artist, photographers, designers. At the moment we are preparing the Project N° 2 – Black Lace -project made by Black Metal Girls”.

## THE COMMUNITY

Shadow Room Projects are underpinned by a number of heavy-weight professionals from the fields of music, event productions, visual arts and performing arts. We call for more mentors to join our projects by name and a specific need. This is the vital group of individuals that open the right doors and link us to the relevant entities in aim to make our artwork visible.
